Equipment: USB-Cable, Headset, Software, Manual

Catcorner C-2

Perfect as keyring with Digital Photo Frame integrated.

Now you can wear up to 56 pictures on your keyring and can watch them while you are at school, work or in the bar. Perfect at parties, to show your new friend, pet or the latest pictures from holiday.

Power supply comes from an integrated 3,7V Accu (for about 4 hours of continued display time), which can be reloaded through the USB port. Supported picture formats are JPG and BMP. Internal memory is available from 2MB to 16MB.

The software is in the keyring and guarantees proper transfer and display of your photos.

The display has a backlight for good visible photos in bright daylight. The resolution of the 1,1" display is 96x64x.

Features:

1. Memory for up to 56 pictures
2. A very nice gift, promotional and premium
3. The nicest photos on the keyring
4. Good display for great pictures.
5. Weight: only 30g

Shipment: C-2, USB-Cable, Manual
