

## The foldable loudspeaker for PC, MP3, MP4-Players and more

Picknick, Party, Streelife - if you want to impress the people around you with your music, there is one way, get their mouths open in seconds.

The "Soundfalter", one of the best advertising an promo products we are selling, must be craftet before you can use him! Get it out of the giftbox, read the small manual and a few minutes - if not seconds - later, you have a set of stereo speakers out of carton, who will play your favorite music.

The "Soundfalter" has a fully customizable surface, which can be imprinted in 4c. Also the giftbox is available in custom design. Squares and pyramide forms are available.
